Lander Club Meeting.
Friday afternoon when the members of Lander club and a few invited friends entered the home of Mrs. George Prince for the October meeting of the club they felt that the brightness of the sunny afternoon outside had paled very little inside the home as they beheld the many vases filled with brilliant salvia and large red chrysanthemums Mrs. Prince had everywhere.

Mrs. C. R. McDonald began the program with a beautiful vocal solo accompanied by Miss Annie Chapman on the piano. Mrs. McDonald's voice was so clear and sweet that everyone was delighted when she responded so willingly to the encore. The study of the year being the two Americas and the quotation for this afternoon, "Time wrecks the proudest piles we raise," prepared all for something of long ago. Mrs. J. R. Anderson gave a most instructive paper, "The Cliff Dwellers of Arizona," and Mrs. W. E. Cason followed this with an interesting talk on "Machu Picchu in Ancient Peru." Miss Zenobia Welch gave several instrumental selections and everyone present enjoyed every note played for Miss Welch in her beautiful rendering of music reaches the heart.

The club had much business to transact, and committees were appointed to serve at the next meeting when the club expects to share with the other literary societies of the city the pleasure of an address by Dr. Morrison of Clemson college on "Early Times of South Carolina."

The hostess served delicious cake and nectar. It was with much reluctance goodbye had to be said and many ran to the six o'clock car.

Y. W. A.
On the Second Sunday in October the Y. W. A.'s of the First Baptist church met in the Sunday school auditorium. Miss Annie Cooley was the leader and the subject for study was a survey of the foreign mission field. A number of young ladies took part on the program, each telling the needs of the different mission fields. Miss Cooley conducted a scripture reading on "The Commission of the Church."

It was decided at this meeting to remember our faithful church janitor with a basket of good things, he having been kept at home on account of ill health.

Y. W. A. Social.
On last Friday night the Y. W. A. served a delightful supper at the church. A number of girls went direct from their work to the church and a splendid time was had in a social way. It was a pleasure to have Dr. and Mrs. John E. White present. At a report business session Miss Nellie Barton was elected delegate to the winter meeting which will be held in Spartanburg the second week of November.

The special feature of the evening was an address by Dr. White. He spoke of the great woman's movement that is sweeping the country, and through which woman is finding herself. She will emerge from this into a sphere of large liberties and greater usefulness. The thing of tremendous importance is that the Master shall have his rightful place in the life of the new woman. Let her watchword be "service." He said the only thing that endures throughout eternity and that by which we are remembered after we are gone. It was an address of deep thought and was thoroughly enjoyed by those present.

The Christiana Growth Club.

On a Train.
(The Pittsburgh Chronicle Telegraph)
Three men were talking in rather a large way as to the excellent train service each had in his special locality. One was from the west, one from the New England and the other from New York. Two men had had of marvelous doings of trains, and it was distinctly "boy" of the New Yorker.
"New in New York," he said, was not only run our trains fast, but we also start them fast. I remember the case of a friend of mine whose wife went to see him off for the west in the Pennsylvania at Jersey City. As the train was about to start, my friend said his final good-bys to his wife and issued down from the car platform to kiss her. The train started, and would you believe it, my friend found himself kissing a strange woman on the platform at Trenton."
